Product Summary

Unleash Crystal-Clear Highs with Our High-Frequency Driver!.

Experience the pinnacle of audio clarity with our High-Frequency Driver. Boasting a robust power rating of 2000W and an 8 Ohm impedance, this driver excels in the frequency range of 600Hz to 18KHz. Its impressive 74.4mm voice coil and titanium diaphragm guarantee exceptional performance. The driver's flange fitting with four holes on a 102mm pattern ensures easy installation. Elevate your sound system to new heights with this extraordinary high-frequency driver.

Product Description

HIGH FREQUENCY DRIVER

Power Rating: 2000W

Impedance: 8Ohm

Frequency: 600 - 18KHz

Voice coil diameter: 74.4mm

Diaphragm material: Titanium

Overall Diameter: 180mm

Depth: 85mm

Fitting: Flange

4 holes on 102mm
Replacement Voice coil: TU-2450
