Product Summary

Wireless Freedom!

Our Dual-Channel Wireless Microphone System takes your performance to a whole new level. It's got 2 channels and 32 frequencies, so you can sing or speak without a hitch within 80-100 meters. With super steady 3PPM frequency and a clear 40Hz-20KHz frequency response, you'll sound sharp. And adjusting is a breeze with DQPSK.

Product Description

Channel: 2 canales / 32 frecuencia

Channel Spacing: 2.5MHz

Adjustable Method: DQPSK

Frequency Stability: 3PPM

Frequency Response: 40Hz-20KHz

Working Range: 80-100 meters

Working Voltage: AC110-240V, 50/60Hz

Both transmitter and receiver are powered by USB lithium battery.
