Product Summary

Unlock Your Sound Potential: 1/4" to XLR Female Nylon Cable (30ft).

Elevate your audio experience with our 1/4" to XLR Female Nylon Cable. This 30ft cable is built to deliver professional-grade sound quality. It features double shield oxygen-free conductors, a durable 6.5mm nylon mesh cable OD, and a robust 2 x 36 braid count shielded by aluminum foil. The dense braided shield minimizes noise and electromagnetic interference, ensuring crystal-clear sound transmission. Crafted with the highest grade copper, this cable is your key to exceptional audio performance.
